ABOUT

Ruby Burton is a highly skilled performing artist. Ruby has been part of the entertainment industry since birth. Born into a very artistic family in Cape Town South Africa, bars, Jazz clubs, art classes and dancing around the house to old records were the "norm" in her household.

She spent her childhood in a ballet studio and danced her way up in Cape Junior Ballet Company. She travelled a lot, taking part in competitions and workshops all around the world. Whilst still taking her dancing very seriously she earned herself a scholarship at Reddam House Atlantic Seaboard where her main classes were dance, drama and art. She became the Jazz vocalist in her school band and still managed to perform in Dance Shows outside of school.

After matriculating at Reddam House Atlantic Seaboard in 2012, Ruby released a few singles with Rude World Records. She received a lot of airplay at the commercial South African radio stations. Ruby did well and performed in and around Cape Town. After a while she needed something more. With a few plans in place she decided to work with other labels and agencies. A few things fell through and she found herself stuck with empty promises. Ruby realized that she needed to push herself and use the connections she has made and in the right time things will fall into place.

Ruby has been mentored by Romy Phillips since 2013 and stays closely connected to M.E Academy where she prepares and puts in the work.

Ruby has been touring Asia with the international cast of *Evita* (The Musical), performing in huge theatres in Singapore, Hong Kong, Taiwan and Tokyo. She has been acting and stunt performing in various commercials, movies and series; to name a few, *Maze Runner* and the *The Last Days of American Crime* and recently just got back from Tokyo where she was performing and collaborating with international creatives and musicians. She has performed in top clubs such as Shimmy Beach and Ophelia Night Club in Hong Kong. Ruby has performed in the Newlands Stadium, worked on many shows at the Kalk Bay Theatre and has been on all Cape Town's best TV Shows, such as *Expresso Morning Show*.

She has now opened up 2019 to finally concentrate on her Music Career and setting up live performances around South Africa, Europe and Asia.
